SUMMARY

I am a highly motivated Respiratory Therapist with a diverse background and 2 years of hands on experience with acute care patients, specializing in ventilator management and patient education. I transitioned from a chemistry and corrections backgrounds, leveraging analytical precision and crisis management skills to deliver empathetic, effective therapy in high-pressure environments. I always balanced decisive action with careful consideration of the impact on the patient and family while remaining attentive to the broader factors influencing the patient health and well-being. Most importantly, I am always ready to learn.
